## MEMBERSHIP REPORT – by Christine Gardner

Going into the 2011/2012 Club year there are 55 paid up members and 23 Members who are expected to continue their membership as the year unfolds.

7 past members have been dropped due mostly to them having left the Island.

We have 14 Honorary Members this year and 2 new members. We also have 1 new applicant.

## TREASURER'S REPORT – by Christine Gardner

Going into the 2011/2012 Club year the club's financial position has remained steady with it's finances only changing by about a \$93 from the previous year.

The 2010/2011 accounts are in the process of being audited at this time and hopefully the results will be presented at the September Luncheon. We were late in finalizing the audit due to some unexpected travel plans on the part of the treasurer.
